

Quality Policy

Eco-Drill has been built upon reputation, dedication and sheer will to succeed. We are a self-contained Company who specialise in directional drilling and utility solutions, using the latest available equipment and technology.

We strive to provide our clients with the highest possible standard of quality and efficiency on all contracts. Our aim is to ensure our client enjoys the experience of working with Eco-Drill.

It's our goal to ensure clients feel at ease doing business with us by delivering projects safely on time and within budget through vigorous management, planning and administration.

Our policy, procedures, objectives and targets will be brought to the attention of employees through inductions, meetings and briefings. Employee co-operation is paramount to the success of this policy which includes; feedback and involvement through suggestions, briefings, meetings and representatives.

The Policy will be monitored via the implementation of objectives and targets. Inspections and audits will be completed with the findings brought to the attention of key personnel during review meetings which will allow the company to establish improvement plans.

Eco-Drill's quality of workmanship and attention to detail in its services is a source of pride for all of our teams.

Certification to the internationally recognised standards for Quality (ISO 9001) is central to the way that the company does business.

We will commit adequate finances and physical resources to ensure the implementation and constant development of this Policy.

We have a strong commitment to satisfy applicable requirements on each and every occasion to satisfy the needs of the Company, Clients and Legislation

We will work to continually improve the company performance and associated management systems, to meet, satisfy and delight our clients.

The systems defined have my active full support. The Policy will be reviewed annually but is under continual review and improvement, however once defined are mandatory for all personnel.

John Dunlavy
Managing Director
